## **Government College Bhainsdehi, Dist. Betul (M.P.)**

### **Research Promotion Policy (2021-26)**

#### **1 . INTRODUCTION**

Government College Bhainsdehi is a government run institution run by the Department of Higher Education, Department of Madhya Pradesh. The college is situated in Bhainsdehi tehsil of Betul district. It offers undergraduate programs in Arts, Science and Commerce; and post-graduate programs in Arts. Post-graduate programs in Science stream on self-finance basis are expected to start from the next session. The college is situated in a remote area away from research institutes and well-facilitated laboratories hindering research work. The college understands the importance of research and innovation in higher education. Therefore, this research policy has been designed to develop research and innovation in context with the resources and needs of our institute.

#### **2 . OBJECTIVES**

- a) To improve research infrastructure within the college by investing in research equipments, software, and other resources necessary for conducting cutting-edge research in various disciplines.
- b) To foster inter, multi and transdisciplinary research.
- c) To build the research capacity of teachers by providing them with necessary knowledge, resources and skills.

  
Principal  
Govt. College, Bhainsdehi  
Distt. Betul (M.P.)

- e) To foster socially relevant research aligned to human values and scholarship
- f) To promote research collaboration and networking within the college as well as with external academic institutions, research institutions and industry partners
- g) To recognize both faculty and students on their research achievements by a research award.
- h) To encourage the faculty members for creating, protecting and leveraging Intellectual Property Rights.
- i) To encourage the faculty members for publication of quality research work with ethics and integrity.

### **3 . IMPLEMENTATION**

- a) **Capacity Building Workshops:** The college shall organize regular workshops and training sessions focused on research methodologies, data analysis techniques, literature review skills, and academic writing.
- b) **Research grants :** The college shall make efforts to receive grants from various government and non-government institutions for research projects.
- c) **Financial support for participation in seminars and conferences :** The college shall provide financial assistance to teachers for participation in seminars and conferences. Depending on the availability of funds, initially, this assistance shall be limited to one conference or seminar per year for each teacher.
- d) **Collaborative Research Initiatives:** The college shall encourage collaboration with other academic institutions, both regionally and

Distt. Betul (M.P.)

nationally, to leverage their research expertise and resources. It shall also facilitate partnerships with universities, research organizations, and government agencies to support joint research projects and initiatives.

- e) **Infrastructure Development:** The college shall make efforts to mobilize funds to improve research infrastructure within the college. This will include upgrading laboratory facilities and acquiring research software and equipment.
- f) **Incentives for Publication:** The college shall implement incentives or rewards for teachers who publish research papers in reputable journals or present their work at conferences of national or international repute. Recognition for their research achievements shall motivate teachers to actively engage in scholarly activities despite the challenges they may face.
- g) **Inculcate Research Culture among students :** The college understands the need for inculcating research culture among students. Under NEP 2020, it is mandatory for all UG students to undertake a field project/ internship/community engagement and service/ apprenticeship every year. Students shall be encouraged to take research topics catering to local needs. PG students shall be given projects that foster research and innovation.
- h) **Promotion of Interdisciplinary Research:** The college shall encourage interdisciplinary collaboration among teachers from different departments. Interdisciplinary research can lead to innovative solutions and enhance the quality and impact of research outputs.

  
Principal  
Govt. College, Bhainsdeh  
Distt. Betul (M.P.)

- i) **Monitoring and Evaluation:** The college shall establish a mechanism for monitoring and evaluating the effectiveness of the research promotion policy. Feedback will be collected from teachers, students, and other stakeholders to identify areas for improvement and make necessary adjustments to the policy as needed.

#### 4. CONCLUSION

By implementing these initiatives, Government College Bhainsdehi can create a conducive environment for research and innovation, despite the challenges posed by its location and limited resources. This policy aims to empower teachers, foster collaboration, and ultimately contribute to the advancement of knowledge and the development of the local community.
